Caption 2: Log in using local user account button

Users who log in to the Mod for the first time using a local account should create it first. To create a local user account, select the **Log in using local user account** button and then the **Create new account** button in the **Is this your first time here?** block.

Caption 3: Create new account button

The next step is to select the desired username and password and enter additional user information. After the user completes and submits the form, he/she receives a notification to his/her e-mail address about the created local user account, in which he/she must select a link to confirm the user account creation.
