UNIC Online Language Modules for Beginners

¡Bienvenido/a! Ongi etorri! Welcome!

The Online Language Module is a self-study online resource that will provide you with an introduction to the two official languages at the University of Deusto: Spanish and Basque. You will also learn about the Basque Country and the two cities where the main campuses of Deusto are located: Bilbao and Donostia-San Sebastian.

In order to access the course, you will need to register into the Deusto Moodle Platform (called ALUD) and sign in with a username and a password. Please find below the steps you will need to follow.

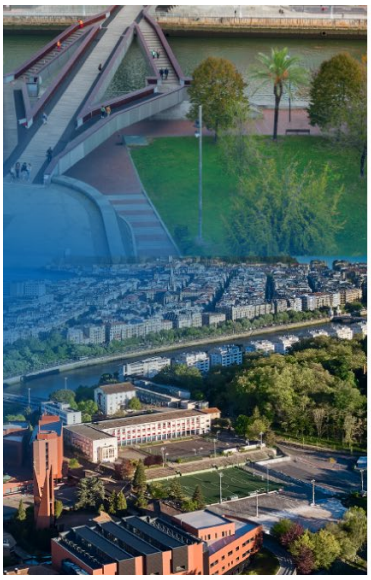
Step 1

Request the credentials to the **Online Language Module** by filling in **this form**. This step is not an automatized process, so it can take a few days until the support team is able to answer the request.

The IT support team ("Soporte ALUD") will send you **an e-mail** with the e-mail subject **"ALUD: Cuenta de Nuevo usuario"** (ALUD – Deusto Moodle Platform: New user account)[1].

Step 2

Enter the ALUD Platform through https://alud.deusto.es with the username (your e-mail) and password that was sent to you.



[1] Check your spam box as it will be an automatically generated e-mail.

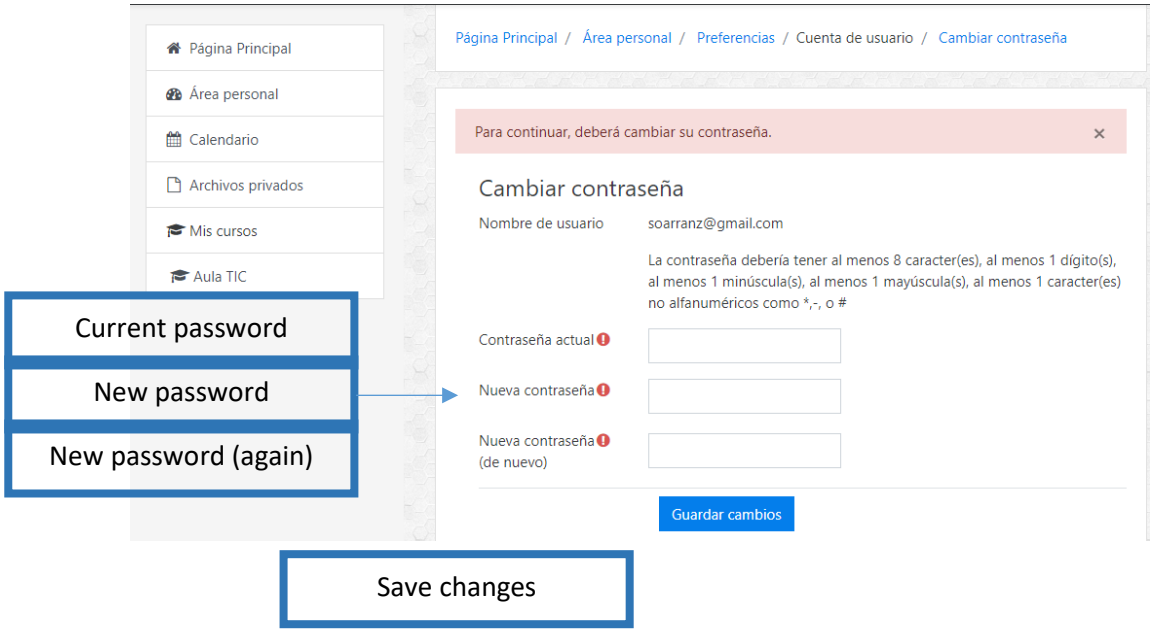
Step 3

The first time you log in the system will require you to change the automatically sent password and select a new one. You will need to include first the current password and then introduce twice a new password that meets the criteria (the password should have at least 8 characters, at least 1 digit, at least 1 lower case letter, at least 1 upper case letter, at least 1 non-alphanumeric character such as *, -, or #).



Step 4

The system will confirm that the password has been changed and you will need to check “Continuar” (Continue).
